Chairman and Member (Technical) visited Raghunathpur TPS

Shri Andrew W K Langstieh, Chairman, DVC along with his wife Smt Alem Yaden Langstieh visited Raghunathpur TPS on November 5, 2014. Shri Ravi Prakash Tripathi, Member Technical, DVC was also present during their lower valley tour.

On arrival the Chairman received ‘Guard of Honour’ from CISF wing of RTPS. Thereafter, the team of dignitaries visited Power House, Control panels, Cooling Towers, Reservoir, Ash Ponds and other main units of the project.

Chairmen and Member Technical met with senior officials of the project in a meeting. They also met with the rank and file at their respective place of work for better appreciation of their working condition and advised them to work with unity in order to achieve the goal set by the Corporation.
Chairman and Member (Technical) visited Panchet Dam

On the second day of the lower valley tour, the Chairman and the Madam Chairman arrived at Panchet Dam on November 6, 2014. The Member Technical also arrived at Panchet Dam on the same day.

The Chairman received ‘Guard of Honour’ from CISF wing at Panchet Dam. He was also welcomed in a local traditional manner by a team of tribal women from nearby village. Thereafter, they visited the Hydel Power Units, Control Rooms and Concrete Spillway of the dam.

The Chairman and the Madam Chairman were amazed to see the ‘Visitors' Book’ placed at Panchet Hydel wherein our first Prime Minister, Pandit Jawaharlal Nehru put his remarks on December 6, 1959.

The Member Technical was so ecstatic to see the same that he took photograph of that page considering it as a precious collection.

Thereafter, the whole team visited the picturesque surroundings of Panchet Reservoir and the park developed alongside dyke of the Dam.

He also met with the employees of all ranks of the project and extended the same advice to work in a team for betterment of the organization.
