### **DVC power plant starts operations**

Damodar Valley Corporation (DVC) announced a capacity addition of 1200 MW in FY 2015-16 after the commissioning of 2× 600 MW units of the Raghunathpur Thermal Power Station (RTPS) in West Bengal. The units successfully commenced full commercial operation on March 31 and are the first 600 MW units that have been commissioned by DVC.
