

## iGOT-Karmayogi (Integrated Government online Training)

To support the employee capacity building needs, DVC has been onboarded on the iGot platform. There are a large number of free courses related to the power sector that can be completed through a self-paced learning approach. Join the learning platform and encourage your co-workers.

### What is iGot?

At the core of Mission Karmayogi is the iGOT Karmayogi platform – a comprehensive online platform to guide individual employees in their capacity building journey. It is not merely a learning platform; it is a solutioning space that combines five functional hubs for online learning, competency management, career management, discussions, and networking. This will enable employees to deliver more effectively, eventually enhancing government execution capabilities. Through these hubs, the platform will enable online, face-to-face, and blended learning; facilitating discussions through topical forums, managing career paths, and enabling reliable assessments that credibly signal competencies of officials.

### Register today using your official email

<https://igotkarmayogi.gov.in/#/>

#### Benefits

- Access to courses for improving functional and behavioral competencies.
- Self-paced online learning modules.
- Access from desktop/laptop and mobile app.
- Certification on course completion

### The Six Hubs

iGOT is more than a learning platform. It is a solutioning space that combines six functional hubs for online learning, competency management, career management, discussions and networking.

Please refer to the step-by-step guide for registration given at the DVC website
