21	MTPS	Procurement of 300 KL LDO through Road Tanker for operational support of Units#1 to 8 of MTPS, DVC.	INDIAN OIL CORPORATION LIMITED Red Cross Road, Durgapur, Pincode: 713216 City:Durgapur	Single(PSU)	A purchase order of 3000 KL LSHS (Low Sulphur Heavy Stock) Fuel Oil for MTPS was placed to M/s IOCL vide W.O. No. DVC/Contract/Head Quarter/OS &U/CMM/Supply/00059 dtd. 08.02.24 by DVC HQ Kolkata. Proposal for advance payment against PI of M/s IOCL have already been processed on 03.04.24. However, the lead time for loading and supply/delivery of 3000 KL LSHS Fuel Oil through BTPN rake may take considerable time to receive at MTPS because it depends on availability of BTPN rake and transit time may take around 10 days. Also the procurement of Low Sulphur Heavy Stock (LSHS) fuel oil for MTPS (1-8) is being done as a test fired basis. So availability of LDO as a backup is crucial. Considering the fact and for maintaining a minimum fuel oil stock to tackle any urgency, it is proposed for procurement of 300 KL LDO through road tanker on single tender basis which can be finalized within the minimum possible time and oil company can start delivery through road tanker immediately as per our requirement. M/s HPCL, M/s IOCL and M/s BPCL were asked to provide budgetary offer for 300KL LDO. Earlier Budgetary offer for 500KL LDO were asked by the above vendors. However, at present the required quantity as per discussion with higher authority is 300KL LDO . M/s IOCL & M/s HPCL had provided budgetary offer for 300 KL LDO, in which rate of M/s IOCL was the lowest.M/s BPCL has again not submitted any budgetary offer against our email. Hence , for procurement of 300 KL LDO through single tender basis from M/S IOCL so that oil can be received at a minimum possible time as there is no sufficient time to go for LTE/OTE. Apart from that M/s IOCL has better logistic support in supply of fuel oil in Eastern India and they had also timely delivered the LDO at MTPS in the past. M/s IOCL has also informed in their earlier mail that they are unable to supply LDO through GeM Portal (Copy attached). In view of presently critical oil stock at MTPS, it is felt necessary to finalize the contract through non-GeM at the earliest to have minimum oil stock to tackle any exigency in plant.
