## **PRESS RELEASE**

### **Sub: Observation of World environment Day 2023 at DVC Headquarters on 05.06.2023**

The World Environment Day 2023 was observed across DVC's projects, substations, and headquarters with special emphasis on beating plastic pollution to protect the Planet Earth.

A plantation drive was organized on 5<sup>th</sup> June morning by the Environmental Management & Pollution Control Cell, DVC HQ at DVC's administrative site at Newtown, Rajarhat. The Chairman and DVC top management executives planted saplings and spoke at length about the benefits of adopting environment-friendly lifestyle choices in our strive to make the planet pollution free. The oath of the World Environment Day 2023 was administered by the Chairman, DVC to all present.

In the later half of the day , a talk session on the topic of “ Raising awareness about ground water contamination” was delivered by the Guest Speaker - Dr. Tarit Roychowdhury, Senior Faculty Member, School of Environmental Studies , Jadavpur University at DVC Towers Kolkata.
