The Centre is planning to corporatize Damodar Valley Corporation , unbundling it into at least three entities for generation, transmission and distribution to achieve greater efficiency and profit. The Union Minister for Power and Housing & Urban Affairs has urged DVC to expedite the process of unbundling, in a review meeting held on Wednesday at the Power utility's headquarter at Kolkata. The Minister has also advised DVC board to explore the IPO route to raise resources for its expansion plans. Chairman, DVC told after the meeting that the plan for corporatization has been on the agenda for long, and the minister wanted to expedite the process. The existing shareholding among the Centre, West Bengal, and Jharkhand governments will remain intact. DVC plans to install an additional capacity of nearly 10,000 MW in thermal and green energy, ramping up its total capacity to about 16,700 MW. This would comprise 3,720 MW of thermal power, 4,000 MW of solar power, and 2,500 MW from pumped storage power plant. The total capex is estimated to be between Rs 50,000-60,000 crore. The current installed capacity of DVC is nearly 6700 MW, of which 6540MW is thermal. The minister, during the meeting, stressed the need to increase the renewable energy share in DVC's total energy portfolio...[Details](#)

डीवीसी को जल्द ही दिया जायेगा कंपनी का रूप, तीन इकाइयों में बांटा जायेगा

एजेसियां, कोलकाता

देश की पहली बहुउद्देश्यीय नदी घाटी परियोजना दामोदर घाटी निगम (डीवीसी) को कंपनी का रूप दिया जायेगा. इसकी दक्षता बढ़ाने के लिए कंपनी को ट्रांसमिशन, उत्पादन और वितरण क्षेत्र की इकाइयों में बांटा जायेगा. एक अधिकारी ने बुधवार को यह बात कही. यहां डीवीसी मुख्यालय में एक समीक्षा बैठक के दौरान केंद्रीय बिजली मंत्री मनोहर लाल ने निगम की सराहना करते

10,000 मेगावाट की अतिरिक्त क्षमता करेगी स्थापित

जायेगी. इसमें 3,720 मेगावाट ताप और 2,500 मेगावाट पंप स्टोरेज बिजली

हुए इसके कारोबार को अलग किये जाने के काम में तेजी लाने को कहा. उन्होंने निदेशक मंडल से अपनी विस्तार योजनाओं के लिए संसाधन

डीवीसी ने तापीय और हरित ऊर्जा में लगभग 10,000 मेगावाट की अतिरिक्त क्षमता स्थापित करने की योजना बनायी है. इससे इसकी कुल स्थापित क्षमता लगभग 16,700 मेगावाट तक हो बिजली, 4,000 मेगावाट सौर ऊर्जा संयंत्र शामिल होगा.

जुटाने को लेकर आइपीओ का रास्ता टटोलने का भी सुझाव दिया. डीवीसी पश्चिम बंगाल और झारखंड में एक एकीकृत प्रमुख बिजली कंपनी है.

DVC asked to weigh public float

A STAFF REPORTER

Calcutta: Union power minister Manohar Lal on Wednesday suggested Damodar Valley Corporation should explore the possibility of floating an initial public offer (IPO) to fund its expansion plans.

The power minister on Wednesday held a review meeting at the DVC headquarters in Calcutta.

According to a statement from the power ministry, during the discussion, the minister has stressed upon the need to increase the renewable energy portfolio of DVC and bring in more efficiency in the operations.

"He suggested that DVC may explore the equity market for fund raising for its future growth plans," the statement said.

Union power minister Manohar Lal at the Damodar Valley Corporation's office in Calcutta on Wednesday. PTI

A public offer for the power utility has been part of the discussion several times in the past.

But with DVC now working out a capacity expansion programme with estimated capi-

tal expenditure to the tune of around ₹60,000 crore, a public offer could unlock opportunities to raise fund to support the planned projects.

Another area of discussion was around the corporatisation of the entity and unbundling of transmission generation and distribution into separate entities for greater operational efficiency.

DVC currently has three stakeholders - the central government and the state governments of Bengal and Jharkhand and according to sources, this is likely to remain intact in the future.

DVC has plans to add 3720mw thermal power capacity and 2500mw pump storage projects and is also expanding into the renewables sector to have an aggregate capacity of more than 15,000mw by 2030.

The thermal power major is setting up two units of 660mw each at Raghunathpur in the second phase. It has two operating units of 600mw each at the location.

The power supply is expected to be commercially operational by 2027-28. In addition, DVC is setting up two units of 800 MW each at Koderma as part of the second phase expansion of the project in Jharkhand.

DVC has finalised the tender for the EPC (engineering, procurement and construction) of the expansion at Koderma with Bhel for ₹13,300 crore.

A new unit of 800 MW is also being set up at Durgapur besides two pump storage projects of 1500mw and 1000mw at Jharkhand and Bengal, respectively.

DVC may explore equity market for fundraising, says Power Minister

Mithun Dasgupta
Kolkata

Union Power Minister Manohar Lal on Wednesday suggested that state-run power utility Damodar Valley Corporation (DVC) may explore the equity market for fundraising for its future growth plans after becoming a company instead of continuing as a corporation.

The command area of the Kolkata-headquartered DVC, jointly owned by West Bengal, Jharkhand and the Centre, is spread over the two States.

OFFERS SUPPORT

Lal reviewed the performance of the corporation and discussed the operational challenges and financial issues faced by it.

DVC is planning to increase its installed solar power capacity to around 4,000 MW by 2030

The Minister assured full support to the corporation in resolving the operational and financial issues, according to a statement issued by the Ministry of Power. "The Minister is suggesting that we will have to become a company and go public. We have to first convert the corporation into a company after we unbundle different segments. For unbundling, the company's generation, transmission and distribution segments have to be separated.

It will take quite some time, but we will do it," a company source told *businessline*.

The Minister also stressed upon the need for increasing the renewable energy portfolio of the corporation and bringing more efficiency in its operations. Notably, the power utility is planning to increase its installed solar power capacity to around 4,000 MW by 2030, making a capital expenditure of around ₹20,000 crore. Currently, it has around 14 MW installed solar power capacity and 6,540 MW installed thermal power capacity.

DVC, which now has a total installed capacity of around 6,700 MW, is planning to make a total capital expenditure of around ₹50,000-₹60,000 crore by 2030 to add nearly 10,000 megawatts capacity.

DVC to be corporatized , divided into three entities – THE FINANCIAL EXPRESS

DVC to be corporatised, divided into 3 entities

PRESS TRUST OF INDIA
Kolkata, July 17

THE DAMODAR VALLEY Corporation (DVC), the first multi-purpose river valley project of independent India, will be corporatised, unbundling into at least three entities for transmission, generation, and distribution to achieve greater efficiency, power minister Manohar Lal said on Wednesday.

Lal asked DVC to expedite the unbundling exercise during a review meeting at the DVC headquarters. He also suggested the board explore the IPO route to raise resources for its expansion plans.

DVC functions under the Union power ministry. Established in 1948, it is an integrated power major spread across a command area of 24,235 sq km in West Bengal and Jharkhand.

Power minister Manohar Lal

POWERING UP

■ Split into transmission, generation & distribution entities for greater efficiency, says Lal

■ Power minister asks DVC to expedite unbundling process and explore IPO route to raise resources

“The plan for corporatisation was on the agenda, but the minister wanted to expedite the process. The existing sharehold-

ing among the Centre, West Bengal, and Jharkhand governments will remain intact,” DVC chairman S Suresh Kumar said after the review meeting.

The interest of the Centre and the two states is almost the same, a source said.

DVC plans to install an additional capacity of nearly 10,000 MW in thermal and green energy, ramping up its total capacity to about 16,700 MW. This would comprise 3,720 MW of thermal power, 4,000 MW of solar power, and 2,500 MW from a pump storage power plant.

The total capex is estimated to be ₹50,000-60,000 crore.

DVC's current installed capacity is nearly 6700 MW, of which 6540MW is thermal.

The power minister stressed the need to increase the renewable energy share in DVC's total energy portfolio.

DVC told to expedite corporatisation process

TNN & AGENCIES

Kolkata: Public sector power utility Damodar Valley Corporation (DVC) will be corporatised soon — unbundling into at least three entities for transmission, generation and distribution to achieve greater efficiency. On Wednesday, Union power minister **Manohar Lal** asked DVC to expedite the unbundling exercise during a review meeting at the power utility's headquarters in Kolkata. He also suggested the board could explore the IPO route to raise resources.

Established in 1948, DVC is an integrated power major spread across a command area of 24,235 sq km in Bengal and Jharkhand.

“The plan for corporatisation was on the agenda, but the minister wanted to expedite the process. The existing shareholding among Centre,

Bengal and Jharkhand govts will remain intact,” DVC chairman S Suresh Kumar said after the review meeting.

The minister during the meeting stressed the need to increase the renewable energy share in DVC's total energy portfolio.

DVC plans to install an additional capacity of nearly 10,000 MW, ramping up its total capacity to about 16,700 MW. This would comprise 3,720 MW of thermal power, 4,000 MW of solar power and 2,500 MW from a pump storage power plant. The total capex is estimated to be between Rs 50,000 crore-60,000 crore. The current installed capacity of DVC is nearly 6,700 MW, of which 6540MW is thermal. At the moment, its green energy portfolio is meagre.

ডিভিসিকে তিন ভাগের পরামর্শ মন্ত্রীর

নিজস্ব প্রতিবেদন

রাষ্ট্রায়ত্ত্ব সংস্থা দামোদর ভ্যালি কর্পোরেশনকে (ডিভিসি) আরও দক্ষ ও লাভজনক করে তুলতে তিন ভাগে ভাগ করার পরিকল্পনা করছে কেন্দ্র। এ জন্য বিদ্যুৎ উৎপাদন, পরিবহণ ও বন্টন— এই তিন ভাগে সংস্থাকে বিভাজনের প্রক্রিয়া দ্রুতগতিতে এগোনোর নির্দেশ দিয়েছেন কেন্দ্রীয় বিদ্যুৎমন্ত্রী মনোহরলাল খট্টর। একই সঙ্গে বুধবার কলকাতায় সংস্থার কর্তাদের সঙ্গে বৈঠকে বাজারে সংস্থার প্রথম শেয়ার (আইপিও) আনার বিষয়টি খতিয়ে দেখতেও নির্দেশ দিয়েছেন তিনি।

এ দিন বৈঠকের পরে ডিভিসি-র চেয়ারম্যান এস সুরেশ কুমার বলেন, “সংস্থাকে তিন ভাগে ভাগ করে আরও দক্ষ করে তোলার ভাবনাচিন্তা বহু দিন ধরেই ছিল। মন্ত্রী এ দিন তার প্রক্রিয়া আরও দ্রুতগতিতে চালাতে নির্দেশ দিয়েছেন।” তিনি জানান, ডিভিসি-তে কেন্দ্র, পশ্চিমবঙ্গ ও ঝাড়খণ্ডের অংশীদারি রয়েছে। তার অনুপাত বজায় রেখেই সিদ্ধান্ত নেওয়া হবে।

একই সঙ্গে বুধবার ডিভিসি-কে বিকল্প বিদ্যুতে জোর দিতেও পরামর্শ দিয়েছেন মন্ত্রী। উল্লেখ্য, এ মাসের শুরুতে কুমার জানিয়েছিলেন, ২০৩০ সালের মধ্যে ২০,০০০ কোটি টাকা লগ্নি করে ৪০০০ মেগাওয়াট সৌর বিদ্যুৎ উৎপাদন করার লক্ষ্য নিয়েছেন তাঁরা। তা-ই হুঁতে হবে বলেই এ দিন বার্তা দেন খট্টর।

ডিভিসির ভাবনা

■ এই সময়: ডিভিসিকে কর্পোরেট সংস্থা হিসেবে গড়ে তোলার পরিকল্পনা হচ্ছে। এজন্য সংস্থার বিদ্যুৎ উৎপাদন, সংবহন ও বন্টন ব্যবসাকে পৃথক করে তিনটি আলাদা সংস্থা তৈরি করার প্রস্তাব রয়েছে বলে ডিভিসি চেয়ারম্যান এস সুরেশ কুমার বুধবার জানিয়েছেন। এদিন কলকাতায় এক বৈঠকে কেন্দ্রীয় বিদ্যুৎমন্ত্রী মনোহর লাল খট্টর ডিভিসি কর্তৃপক্ষকে এই প্রস্তাব দ্রুত কার্যকর করতে বলেছেন। সুরেশ কুমার বলেন, ‘কর্পোরেটাইজেশনের পরিকল্পনা আমাদের অ্যাজেন্ডায় রয়েছে। মন্ত্রী সেই প্রক্রিয়া দ্রুত কার্যকর করতে বলেছেন। তবে কেন্দ্র, পশ্চিমবঙ্গ ও ঝাড়খণ্ড সরকারের ডিভিসিতে যে অংশ রয়েছে, তাতে বদল হবে না।’

अब डीवीसी को दिया जाएगा कंपनी का रूप

विस्तार योजनाओं के लिए संसाधन जुटाने को लेकर आइपीओ का रास्ता टटोलने पर भी हो रहा विचार

राज्य ब्यूरो, जागरण●कोलकाता : देश की पहली बहुउद्देश्यीय नदी घाटी परियोजना दामोदर घाटी निगम (डीवीसी) को कंपनी का रूप दिया जाएगा। इसकी दक्षता बढ़ाने के लिए कंपनी को पारेषण, उत्पादन और वितरण क्षेत्र की इकाइयों में बांटा जाएगा। एक अधिकारी ने बुधवार को यह बात कही।

यहां डीवीसी मुख्यालय में एक समीक्षा बैठक के दौरान केंद्रीय बिजली मंत्री मनोहर लाल ने इसके कारोबार को अलग किए जाने के काम में तेजी लाने को कहा। उन्होंने निदेशक मंडल से अपनी विस्तार योजनाओं के लिए संसाधन जुटाने को लेकर आइपीओ (आरंभिक सार्वजनिक निर्गम) का रास्ता

टटोलने का भी सुझाव दिया। डीवीसी केंद्र के बिजली मंत्रालय के अधीन काम करती है। 1948 में स्थापित, डीवीसी बंगाल और झारखंड में एक एकीकृत प्रमुख बिजली कंपनी है। डीवीसी के चेयरमैन एस सुरेश कुमार ने समीक्षा बैठक के बाद कहा कि कंपनी रूप देने की योजना एजेंडा में थी, लेकिन मंत्री इस प्रक्रिया में तेजी लाना चाहते हैं। केंद्र, बंगाल और झारखंड सरकारों के बीच मौजूदा हिस्सेदारी बरकरार रहेगी। एक सूत्र ने कहा कि इस मामले में केंद्र और दोनों राज्यों की राय लगभग एक जैसी है। डीवीसी ने तापीय और हरित ऊर्जा में लगभग 10,000 मेगावाट की अतिरिक्त क्षमता स्थापित करने की योजना बनाई है।

- केंद्र, बंगाल और झारखंड सरकारों के बीच मौजूदा हिस्सेदारी बरकरार रहेगी
- तीन इकाइयों में बंटेगी, मामले में केंद्र और दोनों राज्यों की राय लगभग एक जैसी है

इससे इसकी कुल स्थापित क्षमता लगभग 16,700 मेगावाट तक हो जाएगी। इसमें 3,720 मेगावाट ताप बिजली, 4,000 मेगावाट सौर ऊर्जा और 2,500 मेगावाट पंप स्टोरेज बिजली संयंत्र शामिल होगा। डीवीसी की वर्तमान स्थापित क्षमता लगभग 6,700 मेगावाट है। इसमें से 6,540 मेगावाट तापीय बिजली है। डीवीसी का कुल पूंजीगत व्यय 50,000-60,000 करोड़ रुपये के बीच होने

विजली क्षेत्र में नवीकरणीय ऊर्जा की हिस्सेदारी और बढ़ाना होगा

राज्य ब्यूरो, जागरण●कोलकाता: केंद्रीय ऊर्जा मंत्री मनोहर लाल खट्टर ने बुधवार को कोलकाता में दामोदर घाटी निगम- डीवीसी मुख्यालय में एक उच्च स्तरीय बैठक की अध्यक्षता की। खट्टर ने बताया है कि डीवीसी भारत की पहली बहुउद्देश्यीय नदी परियोजना है और यह देश के विकास में योगदान दे रही है। बैठक में डीवीसी के चेयरमैन एस सुरेश समेत अन्य वरिष्ठ अधिकारियों ने भाग लिया। मंत्री ने विजली क्षेत्र में नवीकरणीय ऊर्जा की हिस्सेदारी को और बढ़ाने पर जोर दिया। इसके बाद ऊर्जा मंत्री शहर में 'भाजपा की राज्य कमेटी की बैठक' में भी शामिल हुए। पहले इस बैठक में केंद्रीय प्रतिनिधि के रूप में रक्षा मंत्री राजनाथ सिंह को उपस्थित होना था लेकिन शारीरिक अस्वस्थता की वजह से शामिल नहीं हो सके। इस बैठक में प्रदेश भाजपा से लेकर जिला स्तर के सभी नेता मौजूद थे।

का अनुमान है। वर्तमान में, डीवीसी के पास हरित ऊर्जा क्षमता काफी कम है और वह एनटीपीसी के साथ 310 मेगावाट की सौर परियोजना

क्रियान्वित कर रही है। डीवीसी के कुल नौ तापीय और पनबिजली संयंत्रों में से पांच झारखंड में और बाकी पश्चिम बंगाल में हैं।
